

Cut

Heat

Medium Duty

Offers extreme comfort & protection in high cut risk applications for increased compliance and an uninterrupted workday

- These industrial cut-resistant gloves offer INTERCEPT™ Cut Resistant Technology provides high levels of protection against lacerations.
- Lightest weight design for comfort & dexterity, our high-dexterity cut-resistant gloves support worker use compliance.
- Exclusive dirt masking design & high abrasion resistance delivers longer product use life.
- Suitable for use across a wide range of applications and risks; avoiding the need to change gloves when transitioning between tasks.
- Intermittent handling of hot work items up to 212 F/100°C.

Industries

- Automotive
- Machinery and Equipment
- Metal fabrication

Applications

- Press shop operations
- Handling metal sheets & panels
- Handling parts with sharp, rough edges
- Handling structural and body components
- Metalworking & assembly operations
- Assembling and mounting components
- Adjusting systems and screwing
- Changing tools and dies
- Cutting glasses, sheets, panels
- Fastening components, parts

Key Features

- High Cut Resistance
- High dexterity
- High comfort & lightweight
- Dirt masking design for extended use life
- EN407 Contact heat protection Level 1
- Fiberglass free
- Natural rubber latex free
- Silicone Free

Technologies

Fibre glass free
