

TECHNICAL DATA SHEET**STILLE SOFT NEXT – Disposable Foam Earplugs****Product Description:**

STILLE SOFT earplugs are designed for insertion into the external ear canal to reduce exposure to noise and other loud sounds.

Loud noise in the workplace can be extremely harmful to hearing, and since the damage often occurs gradually, employees are frequently unaware of the danger until permanent hearing loss has occurred. Hearing loss can also result from sudden, extremely loud sounds. These earplugs help reduce exposure to noise and other harmful sounds.

Features:

- Earplugs made of polyurethane foam, offering a high level of protection
- Comfortable and easy to use
- Easy-to-mount spare earplug container
- Ergonomic shape suitable for most ear canal types

Dispenser for foam earplugs that provides hearing protection wherever it is needed. Supplied with 500 pairs of STILLE SOFT NEXT earplugs.

A cost-saving and waste-reducing solution compared to individually packed earplugs. With a simple twist, workers have instant access to the hearing protection they need.

Areas of Use:

- All-day use during work shifts
- Medium to high noise levels
- Hot and humid work environments, suitable across all industries

Noise Attenuation:

SNRm = 40.8 dB Hm = 40.1 dB Mm = 39.5 dB Lm = 36 dB SNRs = 2.9 dB Hs = 2.9 dB Ms = 3.2 dB Ls = 3.6 dB							
Minimum Attenuation							
SNR = 38dB H=37dB M=36dB L=32dB							
Frequency (HZ)	125	250	500	1000	2000	4000	8000
Average attenuation (dB)	30,1	34,2	41,0	41,7	38,2	45,2	45,7
Standard attenuation(dB)	3,9	4,0	4,1	4,7	3,0	4,1	4,6
APV (dB)	26,2	30,2	36,9	37,0	35,2	41,0	41,1

SNR = average achieved attenuation

H = attenuation value for high frequencies

M = attenuation value for medium frequencies

L = attenuation value for low frequencies

This product has been tested according to **EN 352-2:2020** and complies with Regulation (EU) **2016/425** regarding Personal Protective Equipment.

The EU examination certificate (Module B) is issued by **SATRA TECHNOLOGY Europe LTD**, Bracetown Business Park, Clonree, Dublin, D15 YN2P, Ireland. Notified body number: **2777**.

The PPE is subject to the conformity assessment procedure, based on the quality assurance of the production process (Module D), as provided in Annex VIII (Category III) under the supervision of **SATRA TECHNOLOGY Europe LTD**, Bracetown Business Park, Clonree, Dublin, D15 YN2P, Ireland. Notified body number: **2777**.
